- **Open Charges**: ₹5,000,000
- **Satisfied Charges**: ₹1,000,000
- **Revenue Growth (FY 2023)**: 39.70%
- **Profit Growth (FY 2023)**: -237.57%
- **EBITDA (FY 2023)**: -235.77%
- **Net Worth (FY 2023)**: 10.98%
- **Total Assets Growth (FY 2023)**: 40.90%
- **Last Annual General Meeting**: September 27, 2024

- **Last Balance Sheet Filed**: March 31, 2024

3 Technology and Solutions

CamCom is a pioneer in AI-driven visual inspection, utilizing its proprietary Large Vision Model (LVM), India's first domain-specific AI engine trained on over 450 million validated images. The platform achieves up to 96% accuracy in damage assessments and supports:

- **Core Technologies**: Deep learning, computer vision, semantic segmentation, transfer learning, and heatmap-based dent depth identification.
- **Inspection Capabilities**: Micro-level defect detection (down to 50 microns), object detection, and image classification.
- **Deployment Modes**: Custom hardware (e.g., deflectometry rigs for surface defects), smartphone-based guided inspections, and drone-based solutions for large-scale applications.
- **Patented Innovations**: Includes automated quality check rigs for automotive and apparel industries, vehicle accident impact point determination, and more (patents filed in India since 2023).

4 Industries and Applications

CamCom's industry-agnostic platform serves multiple sectors with tailored solutions:

- **Automotive**: Pre-delivery inspections (PDI), roll-on/roll-off damage tracking, and end-to-end vehicle audits for OEMs, dealerships, and fleet operators.
- **Insurance**: Rapid underwriting and claims processing (e.g., vehicle claims settled in under 5 minutes), pre-inspection for motor and homeowners' policies.
- **Pharmaceuticals and Warehousing**: Product-to-catalog matching, defect detection, and data comparisons for disposal.
- **Fashion**: Automated quality checks for apparel (in collaboration with Myntra).
- **Public Safety and Infrastructure**: Monthly inspections of over 7 million items in Saudi Arabia, smart city monitoring with Vistas Global, and disaster response solutions.
- **Other Sectors**: Airlines, gas cylinder inspections, defense/civilian aircraft maintenance, and more.

5 Leadership and Directors

The company is led by a team of experienced directors, as reported by The Company Check and ZaubaCorp (as of June 2025):

- **Geetha Sham**: Director (Appointed: July 26, 2023)
- **Ajith Nayar**: Director (Appointed: September 7, 2017)
- **Subramanian Mahesh**: Director (Appointed: August 30, 2019)
- **Uma Mahesh**: Director (Appointed: September 7, 2017)
- **Pradyumna Dalmia**: Director (Appointed: July 26, 2023)
- **Past Director**: Pramodkumar Bhurmal (Cessation: Unknown)

6 Partnerships and Achievements

CamCom has established significant partnerships and earned multiple accolades:

- **Key Partnerships**:
  - Myntra: Automated quality control for apparel.
  - HDFC ERGO and Zurich: Insurance underwriting and claims.
  - ERGO Group: 2025 rollout in Baltic states for European insurance markets.
  - Guidewire and Duck Creek: Integration for vehicle damage estimation.
  - Vistas Global: Smart city AI solutions.
- **Awards and Recognition**:
  - Top Startup by Government of India, NASSCOM, Mahindra Mobility, and Intel Startup Program.
  - Aegis Graham Bell Award for Innovation in Insurance (2025).
- **Global Presence**: Offices in Dubai, Munich, and Düsseldorf, with a valuation of $4.13M after raising $1.74M across 6 funding rounds (investors include Triton Investment Advisors).
- **Recent Milestones (2025):** Launched "AI&" (Large Vision Model platform), published a book on aircraft maintenance solutions, and celebrated 8 years with events attended by dignitaries like MP Sasmit Patra.

7 Commitment to Sustainability

CamCom aligns with global sustainability goals, supporting UN Sustainable Development Goals through initiatives like migrant worker upliftment and disaster response. Their solutions reduce manual errors, enhance efficiency, and promote eco-friendly processes in industries like automotive and insurance.
